What is the Citizens' Police Academy?

The Kentucky State Police (KSP) "Citizens' Police Academy provides an excellent opportunity for citizens, who work or live in Kentucky to become familiar with the day to day operations of the Agency. This will enable participants to gain a better understanding of the guidelines, procedures, responsibilities, demands, personnel, equipment, policies and laws that guide the Agency's decision making process. The academy is not intended to turn citizens into police officers. It does however, allow citizens to learn more about the police operations. Citizens will become better informed as to the actual role of the police and in return, the police will benefit from the wealth of knowledge that citizens are able to share regarding their communities.

How are the Classes Conducted?

- Classes meet on Monday evenings at 5:30 p.m. at KSP Post 5 located at 160 Citation Lane, Campbellsburg, KY 40011. Students will receive instruction from certified troopers. A graduation ceremony for the participants will be held on the last night of class.
- Participants will also be encouraged to ride along with a trooper during one of their shifts. This experience will provide first hand knowledge of what it is like to "work the street" in a cruiser.
- This is a 10-week Academy that is offered once a year.

Class Agenda

Most of the topics listed below are offered and will provide the student with an opportunity to have hands-on experience so they will develop an understanding of what duties are performed by the Kentucky State Police on a day-to-day basis:

- Introduction / Overview
- Legal Processes
- Patrol / Accident Investigation
- Traffic Stops
- Criminal Investigations
- Commercial Vehicle Enforcement
- Drug Investigations
- Lab Overview

- Special Response Team / K-9 / Hazardous Devices
- Trooper Island

How Can Information from This Academy Be Used by KSP?

The Kentucky State Police believes public opinion is essential to establish the community policing concept. Opinions provided by citizens have the potential to play a vital role in the future of the agency.

It is our hope that the graduates of the Citizens' Police Academy will share their knowledge with the community and educate others when the opportunity arises. From this training, graduates will be more aware of the functions and resources available to them from the state police.

Is there a Fee for the Citizens' Police Academy?

NO. The Kentucky State Police provides this service to the community free of charge.
